WORK EXPERIENCE

Internship at IBM SKILL BUILD (January 20, 2023 - March 20, 2023)

During my internship at IBM SKILL BUILD, I focused on cybersecurity, specifically passwordless authentication for web applications. I utilized a stack of technologies such as HTML, CSS, JavaScript, and MySQL to develop and secure web applications. This experience provided me with a foundational understanding of cybersecurity principles and their application in safeguarding web-based platform.

Web Development Internship at AZURE SKYNET PVT LTD (June 1, 2023 - July 15, 2023)

During my summer internship at AZURE SKYNET PVT LTD, I sharpened my web development skills, emphasizing HTML, CSS, and JavaScript. I managed web content, applying UI/UX principles for an optimal user experience, and collaborated with experienced developers to stay updated on best practices and industry trends

PROJECTS

StockBot -StockBot, developed using HTML, CSS, Python, ReactJS, Bootstrap, Django, MySQL, and integrated APIs, empowers users with comprehensive stock market insights. It offers interactive charts and graphs for performance analysis and informed investment decisions, alongside real-time updates, historical data analysis, and customizable watchlists.

ExploreYourWorld ExploreYourWorld is a versatile web application that facilitates worldwide trip bookings, secure online payments, and real-time global news updates. Developed with Node.js, MongoDB, Express.js, JavaScript, CSS, and Bootstrap, it offers a seamless, all-in-one travel and information platform
